

Creating the previously unimaginaire

@GemsWorldAcademy - Etoy

Digital is Natural

Digital Agenda EU

Central Idea

Technology has the potential to transform the way we learn

Lines of inquiry

1. Connection between our own learning and student learning
2. SAMR model
3. Creativity & Learning

Inspiration:embracing new technologies

David Hockney

Polaroid Photomontage

Fax 1989: Live creation of 'Tennis'

LA to Salts Mill

144 separate pages

iPhone,
iPad...

Ideas lab - Imagining the future

100 inspirations

It's September 2014

Team imagining the future

The SAMR model

How is technology redefining learning
@GemsWorldAcademy - Etoy?

Transformation

Redefinition

Tech allows for the creation of new tasks, previously inconceivable

Modification

Tech allows for significant task redesign

Enhancement

Augmentation

Tech acts as a direct tool substitute, with functional improvement

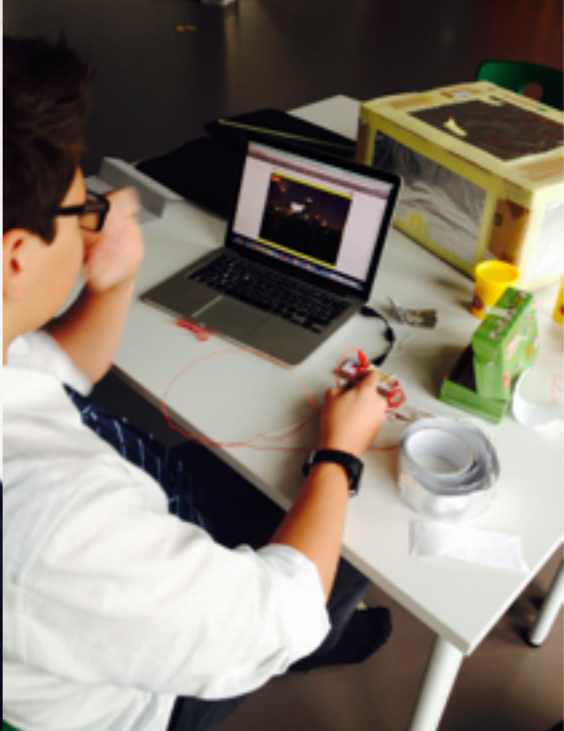

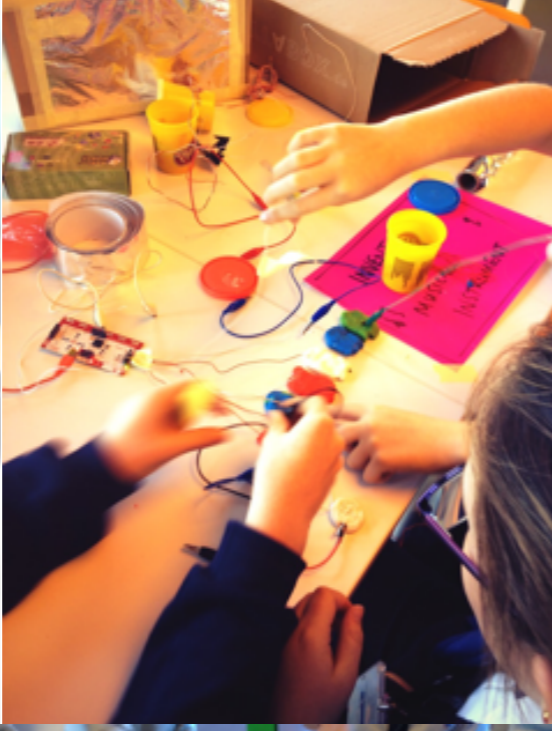

Substitution

Tech acts as a direct tool substitute, with no functional change

How is technology redefining learning @GemsWorldAcademy - Etoy?

Snapshots

“Conformity is the worst enemy of creativity. Anyone who is unable to take risks cannot be creative.”

— Oliviero Toscani

Redefining Learning

From consumers to creative producers
